

“Exploring the information of geology and earth sciences
through comprehensive research
towards the sustainable development
of our unique environment”

The Second Myanmar National Conference on Earth Sciences MNCES 2018

The Second Myanmar National Conference on Earth Sciences MNCES 2018

Hinthada University

November 29-30, 2018

Proceeding

November 29-30, 2018
Hinthada University

Contents

No	Title	Page
1	Grain Size Distribution of the Damapala Formation of the Powintaung Area, Yinmarbin Township, Sagaing Region, Yee Myo Oo	1
2	Miocene Biostratigraphy of the Southeastern Part of Chaungtha Anticline, Sinbaungwe Township, Magway Region, Win Min Oo, Hnin Hnin Swe and Kay Khaing Yu	8
3	Petrography and Petrogenesis of Ngapyawdaw Chaung Formation exposed in Myathida Area, Indaw Township, Sagaing Region, Soe Moe Aung	25
4	Petrography and Prevalence of the Eocene Units in the Naunggauk Area, Eastern Part of Chindwin Basin, Moe Thu Sint and Maung Maung	37
5	Stratigraphy and Petrography of Sandstones in Hainggyi Island, Ngaputaw Township, Ayeyarwaddy Region, Shirley Nyein	50
6	Occurrence of Holocene Benthic Foraminiferas in Minamata Bay, Yatsushiro Sea, Southern Japan, Hnin Hnin Maung, Kazumi Akimoto and Khin Mar Than	61
7	Foraminiferal Biostratigraphy of the Hnget-Taung Formation, Goyangyi Kyun and Miggyaung Kyun, Ngayokekaung Area, Ngaputaw Township, Ayeyarwady Region, Khin Mar Than, May Si Tun, Kyu Kyu Win and Kaung Sithu	75
8	Stratigraphy of the Plateau Limestone Group in Hsai Hkao – Papan Area, Southern Shan Plateau, Than Soe Hlaing, Maung Maung, Zin Maung Maung Thein and Moe Thu Sint	86
9	Petrology and Diagenesis of Paleocene Unit Exposed in Tilin Area, Gangaw District, Magway Region, Aye Myat Maw and Thin Thin Han	95
10	Petrogenesis of Metapelitic Rocks Exposed in Ka Ka-Naung Pein-Man Hlwe Area, Katha Township, Sagaing Region, Aung Khin Soe	113
11	Petrochemical studies of igneous rocks in the Nabule area, Yebyu Township, Tanintharyi Region, Tin Wah Wah Yee	126
12	Petrology and Tectonic Significance of Basaltic Rocks from Tonngge Area, Sagaing Region, Myo Theingi	149
13	Petrology of Tagundaing Area, Paung Township, Mon State, Min Min Khaing	157
14	Petrology of the Metasedimentary Rocks of Mehaw Chaung Area, Lewe Township, Mandalay Region, Chaw Su Hlaing and Htay Win	170
15	Petrography and Petrogenesis of Low - Grade Metamorphic Rocks exposed at Pang Yawng Area, Kyaing Tong Township, Eastern Shan State, Khine Zar Wai, Min Aung, Zin Maung Maung Thein and Day Wa Aung	184
16	Geology around the Natyindaung Area, Budalin Township, Sagaing Region, Aye Aye Mar	195
17	Petrology of Metamorphic Rocks of North Eastern Part of Pyingyitaung, Singu Township, Mandalay Region, Nway Cherry Win and Thet Tin Nyunt	208
18	Petrological and Geochemical Point of View on Kawthaung Area, Tanintharyi Region, Zin Mar Oo	222
19	Geochemical Characteristics of Basalts from the Bhopi Vum Area, Tiddim Township, Chin State, Tun Tun Min and Ali Akbar Kan	240
20	Compositional variation and Performance Analysis of Wolframites at Dawei District, Min Maung Maung, Sint Ohnmar and Aung Min	253
21	Geochemical Characteristics of Gold and Associated Mineralization of Padet Chaung Area, Shwegyin Township, Bago Region, Soe Thu Aung, Kyaw Linn Zaw and Thet Paing Kyaw Win	261
22	Ore Deposit Geology and Ore Mineralogy of the Tagundaing Antimony Prospects, Mudon Township, Mon State, Sanda Aye and Daywa Aung	275
23	Characteristics of Tin-Tungsten Mineralization at Putletto Area, Dawei Township, Tanintharyi Region, Yin Mya, Ohn Thwin and Day Wa Aung	288
24	Occurrences and Distribution of Lead and Barite Mineralization in the Wunbye Formation (Ordovician) Exposed Along Pindaya Ranges, Western Part of the Shan Plateau, Southern Shan State, Thet Naing, Myo Min Tun, April Moe and Ei Mon Khaing	300
25	Carbonate rocks-hosted Lead Mineralization in Mogyo Taung – Thapanbin Area, Ywangan Township, Shan State (South), Myanmar, Thein Min Swe, May Thwe Aye, Han Sein and Than Htay	317

No	Title	Page
26	Geology and Barite Mineralization of Nyaunglwet-Legyaungdaik Village, Kalaw Township, Southern Shan State, Theingi Moe Pwint	330
27	Geosite Exploration and Evaluation towards the sustainable development of Hpa an and Mawlamyine Area, Myanmar, Myint Soe, Zaw Min Lwin, Zaw Win Lwin, Yee Yee Win, Theim Mwe Tun and Ye Myint Swe	344
28	Nature and Occurrence of Lead and Associated Mineralization of the BawByu-Taung and Nyaung Lwe Area, Kalaw Township, Shan State (South), Myanmar, Zaw Moe Lwin and Thet Tin Nyunt	368
29	Systematic Investigation of Copper Mineralization at Shwelaunggyin Area, Southwestern part of the Lamyathna Township, Ayeyarwady Region, Khin San Wai, Theingi Kyaw and Myo Myint Myat	386
30	Petrology of the Shwetaung Taw Area, Tada-U Township, Mandalay Region, Kyin Kyin Moe	396
31	Lithofacies and Depositional Environment of the Male Formation in the Nga-O Area, Mabein Township, Northern Shan State, Myint Myint Yee	409
32	Stratigraphy and Petrography of Twinywa-Leshe Area, Kani Township, Sagaing Region, Wunna	422
33	Minimum Average Distance (MAD) Spanning Tree of Graph, Naw Aye Aye Khine	432
34	Lower Miocene Foraminifera of the Tumyaung Formation exposed in the Hnget-pauk, Taunggyok and Sanywa areas, Ngaputaw Township, Ayeyarwady Region, May Si Tun	439
35	Lithofacies Analysis and Depositional Environments of Tilin Formation in Taing Da area, Mindon Township, Magway Region, Paing Soe and Kyaw Min Oo	448
36	Paleodepositional Environment and Sequence Stratigraphy of Moulmein Limestone in Kyauktalon Area, Mudon Township, Mon State, Nandar Myint Maung and Daywa Aung	464
37	Sedimentary Facies Analysis of Upper Pegu Group in Pyawbwe Area, Minbu Township, Magway Region, Nay Zar Zar Lin Aung and Day Wa Aung	481
38	Petrography and Provenance Study of Lower Oligocene Padaung Formation in Sigaung Area, Pakokku Township, Magway Region, Tun Tun Zaw and Day Wa Aung	496
39	Study of Some Heavy Metals Distribution and Health Risk Assessment in Tube-well Water of Taunggyi Environs, Naing Naing Oo and Khin Khin Htoot	511
40	Remediation of Arsenic in Tube-Well Water by Using Various Adsorbents, Thara Phi Soe, Han New Nyein and Ei Ei Khaing	520
41	Structural Analysis of Igneous and Metamorphic Rocks in Zingyaik Area, Paung Township, Mon State, Hnin Sandar Tun, Saw Ngwe Khaing, Myat Mon Mon Htet and Ye Yint Aung	531
42	Active Fault Mapping and Recent Earthquake Activities of Sagaing Fault, between Latitude 19° and 20°, Pyinmana Area, Central Myanmar, Tun Tun Min, Thet Naing, Saw Ngwe Khaing and Han Myo Hset	543
43	Stratigraphy and Petrology of the Ngzu-Nyaungbindaung Area, Kalaw Township, Southern Shan State, May Thu Aung and Khin San	556
44	Microfacies Analysis of Middle Triassic of the Tigyit Area, South Shan State, Myanmar, Wai Wai Lwin, Day Wa Aung and Htay Lwin	571
45	Depositional Environment of Thanbaya Formation in the Sabadan Area, Mindon Township, Magway Region, Myanmar, Khaing Khaing Mon, Yin Kay Thwe Tun and Mya Thida Win	582
46	Lithofacies Analysis and Depositional Environment of Okhmintaung Formation exposed at the Onhmintaung Ridge, Thayet District, Magway Region, Htay Sandar Soe, Khin San and Paing Soe	596
47	Lithostratigraphic Description of parts of Loi-an Group, Kalaw and Aungban Area, Southern Shan State, Myo Myint Aung and Soe Min	606
48	Occurrences and Distribution of Foraminifera in Pyawbwe Formation, Myinba area, Thayet Township, Magway Region, Win Lai Lai, and Soe Moe Lwin	621
49	Sequence Stratigraphy of Silurian Nyaungbaw Formation, Kyundaing Area, Pyin Oo Lwin Township, Mya Mya Win	634
50	Sedimentology and Sequence Stratigraphy of Letkat Formation in Kalewa-Mawleik Area, Sagaing Region, Moe Zat and Day Wa Aung	650
51	Sedimentology of Natma Formation in Paluzawa Area, Kalewa Township, Sagaing Region, Zaw Lin Phy and Moe Zat	667
52	Petrological Study on Igneous, Metaigneous and Metasedimentary Rocks of Nwalabo Taung – Natkyigyau Area, Paung Township, Mon State, Yar Zar Phy and Phyu Phyu Lwin	678

No	Title	Page
53	Brachiopods from the Hirnantian Stage at Shwe Thin area, Pyin Oo Lwin Township, Mandalay Region, Myanmar, Kyi Pyar Aung	692
54	Geochemistry and Geochronology of Igneous Rocks Exposed in Tawma-Nabebin Area, Singaing Township, Mandalay Region, Wai Yan Phyo, Thae Su Htwe, and Tin Aung Myint	701
55	Petrography and Petrogenesis of Granitoid Rocks and Migmatite at Kyaikkhami Area, Thanbyuzayat Township, Thet Paing Kyaw Win and Kyaw Linn Zaw	718
56	Petrographic Analysis of Mafic and Ultramafic Rocks of Kyaukkyi Chaung Ophiolites in the Mindon Township, Magway Region, Myanmar, Yin Kay Thwe Tun, Khaing Khaing Mon and Pyae Pyae Phyo	731
57	Petrogenesis and Petrochemical Characteristics of Metamorphic and Igneous Rocks at Bodawgyi Area, Madaya Township, Mandalay Region, Myat Mon Mon Htet	748
58	Petrochemical Characteristics of Igneous Rocks Exposed at Nyaungwun Area, Mandalay Region, Khin Thuzar Min	759
59	Geochemistry of Plutonic Igneous Rock Exposed at Kantha-Aungthaya Area, Thabeikkyin Township, Mandalay Region, May Thet Aye, Myo Min Tun and Min Aung	771
60	Petrological Study of Volcanic Rocks of Mondaung Area, Myitthar Township, Mandalay Region, Wint War Lwin	783
61	Petrology and Occurrence of Eclogite and Glaucofane-bearing Rocks Around Khamti-Natmaw Jade Mine Area, Sagaing Region, Cho Cho and Thet Tin Nyunt	793
62	Coexistence of Three Al ₂ SiO ₅ Polymorphs and <i>P-T</i> Condition of Associated Rocks Around Yin Swe Area, Kyaukse Township, Mandalay Region, Kaung Htet Zaw, Nyein Chan Aung, Wai Yan Lai Aung and Thet Tin Nyunt	810
63	Nature and Occurrences of Padaukkh (Dawna) Amethyst from Padaukkh Area, Kyainseikkyi Township, Kayin State, Myanmar, Ngw War Lwin and Thet Tin Nyunt	828
64	Quantitative Determination and Microscopic Analysis of Heavy Minerals from the Stream Sediments along the Kun Chaung, near the Nyaungbintha Village, Yekyi Township, Ayeyarwady Region, Pan Ei Phyu, Saw Ngwe Khaing and Myo Myint Myat	841
65	Geochemical Analysis from Rocks, Soil Samples and Stream Sediments Samples at Kwinthonze Gold Mineralization, Thabeikkyin Township, Mandalay Region, Myo Myint Myat, Ohn Thwin and Than Than Oo	851
66	Granite-Related Tungsten-Tin Mineralization in Putletto area, Dawei Sn-W District, Southern Myanmar, Ye Zaw and Aung Zaw Myint	861
67	Lithostratigraphy of the Loi-an Group, Kyatsakan and Nampandet Area, Tharzi Township, Mandalay Region, Chaw Thuzar Win, Min Zaw Oo, Nilar Aung, Myat Sandar Oo, Thuya Oo, Zaw Win and Saw Ngwe Khaing	873
68	Sedimentary Facies and Environments of Upper Pegu Group Exposed in the Thanbinkan-Tigyon Area, Chaung-U Township, Sagaing Region, Nwe Nwe San	899
69	Petrochemistry of Shale and Sandstone from Legyi Formation, Nowndwin Area, Sagaing Township, Zaw Win	912
70	Development of Seismic Hazard Assessment at Mandalay City, Myanmar, Pyi Soe Thein, Junji Kiyono and Tun Tun Win	922
71	Review on Past Landslides and Landslide Hazard Managements in Hakha City, Chin State, Myanmar, May Myat Mon, Kyaw Zin Lat and Tun Naing	929
72	Development of Seismic Hazard Maps for Taungoo City, Bago Region by Utilizing the Probabilistic Method, Thazin Htet Tin, Khin Kyawt Kyawt Oo and Myo Thant	941
73	An Introduction to Application of Magnetometer for the Subsurface Exploration, Thin Thiri Chaw	953
74	Determination of Ground Condition in Thingangyun Township, Yangon, Based on Existing Boreholes and Microtremor Survey, Saung Hnin Wai, and Tun Naing	962
75	Microtremor Survey and Analysis for Subsurface Soil Profiling in Yankin Township, Yangon, Su Su Win, Tun Naing and Ei Mhone Nathar Myo	972
76	Estimation of Local Site Effects by the Multiple Transfer Function Method, Case Study: Yogyakarta City, Java, Zaw Lin Kyaw, Junji Kiyono and May Thet Aye	981
77	Estimation of Shear Wave Velocity to a Depth of 30 Meters (VS 30) Using Microtremor HVSR Method in Mandalay City, Tun Tun Win, Myo Thant, Pyi Soe Thein and Win Min Than	993

No	Title	Page
78	Determination of Horizontal to Vertical Spectral Ratio (H/V Ratio) in Bago City by Microtremor Single Station Survey, Khin Thet Swe, Tun Naing and Wint War Aung	1001
79	Deterministic Approach of Soil Liquefaction Assessment Based on Standard Penetration Test at Wadale Flume, Hlegu Township, Yangon Region, Kyaw Minn Minn Soe and Win Tun	1009
80	Effectiveness of Soil Grouting Method for Urban Area, Kyaw Zay Ya	1024
81	Effects of Climate Change on Intensive Agriculture in Hinthada Township, Kyaw Min Htike and Myint Thida	1034
82	Geoneutrinos: Using Particle Physic to Understand and Image the Earth, Kyaw Linn Zaw, Ondrej Sramek, William F. Mc Donough and Fabio Mantovani	1044
83	Study on Evaluation of Some Properties of Soil from Peanut Farms in Sagaing Region, Myat Sandar Hla	1056
84	Electrical Properties of $Pb_{1-x}Ca_x TiO_3$ ($x=0.12mol$) Film, Kyi Let Maung	1065
85	Domination of Vertices in a Graph, Khin Khin Moe Tun	1073
86	Distribution of Plant Species on Three Lithologic Units in Taungnitaung Area, Kyaukpadaung Township, Mandalay Region, Sandar	1080
87	Arduino Based Tracking System Using GPS and GSM, Khin Sandar Lin, Nyi Nyi Yin and Ohn Than	1089
88	Construction of Small Scale Wind Turbine for Rural Area Application, Khin Khin Kyaw, Hla Toe, Chu Pyae Moe and Hnit Thit Lwin	1099
89	Review on Reforestation Management and Socio-economic Status of Local Taungya Cultivators of Kaing Reserved Forest in Myanmar, Khin Lay Nandar Aung	1105
90	Environmental Impact Assessment of Yangon Area: Land Use and Land Cover Changes, Thant Sin	1120
91	Bioaccumulation of Heavy Metals in some Indigenous Fishes, Water and Sediments from Hinthada Environs, Ayeyarwady Region, Aye Mon Sann, Cho Cho Thin and Shwe Wutt Hmone	1129
92	Assessment of Acid Mine Drainage Potential, Kyitaukpauk-Chaunggyi Area, Singu Township, Mandalay Region, Kyu Kyu Mar, Kyaw Zin Myo and Than Than Nu	1139
93	Petrography of Kugone-Kadaung Area, Nahtogyi Township, Ei Mon Soe	1150
94	Heavy Minerals Analysis of the Irrawaddy Formation in Kuga-Palaung Area, Pauk Township, Khaing Zin Nwe	1161
95	Petrographic Study of the Loi-an Group, Kyatsakan and Nampandet Area, Thazi Township, Mandalay Region, Min Zaw Oo, Chaw Thuzar Win, Nilar Aung, Myat Sandar Oo and Saw Ngwe Khaing	1174
96	Porosity Analysis and Reservoir Potential of Padaung Sandstones in Nyaungnigyin Area, Chauk and Nyaung-U Township, Paik Htwe, Aye Aye Khaing and Saw Aung Zaw Aye	1196
97	Hydrogeological Characteristics of the Hmawbi Area, Khin Chan Myae Cherry Maung	1205
98	Evidence of Active Structural Features along the Kaladan – Mrauk-U Fault, Rakhine Coastal Region, Sandy Chit Ko, Toe Zaw Naing Myint and Htun Win	1215
99	Foundation Treatment on Kun Dam, Kun Hydropower Project, Bago Region, Than Soe, Min Thet Naing, Than Lwin and Lae Lae Moe	1224
100	The Nature and Active Tectonic Deformation along the Northwestern Papun Fault, Taungoo District, Bago Region, Soe Min and Win Naing	1232
101	Geological Structure and Crustal Deformation between Sagaing Fault and its Splay, Po Kyar Sakan west of Thagaya, Bago Region, Ei Sandar Kyaw, Soe Min and Nyan Win	1238
102	Petrochemistry and Petrogenesis of Metamorphic Rocks Exposed at Kyaukkyi-Onbaing Area, Thabeikkyin Township, Mandalay Region, Tin Moe Zar Chi, Khin Pyone, Ali Akbar Khan and Than Than Nu	1247
103	Petrographic Descriptions of Igneous and Metasedimentary Rocks at Bilin and its Environs, Bilin Township, Mon State, Mya Moe Khaing, Hla Kyi and Thein Win	1262
104	Diagenesis and Petrography of the Kywethe Chaung Limestone, Sagaing Area, Sagaing Region, Theingio Oo	1283
105	Structural Deformation Style of Meiktila Area, along the Mandalay-Naypyidaw Express Car Road, Saw Ngwe Khaing, Zaw Naing Oo and Soe Thura Tun	1298
